

Certificate of Appreciation

to

Clark County Public Works

For your participation in

Ferron Elementary School's Career Fair

Thank you for cleaning up the streets. Thank you for making our community look and feel nice. Your equipment is awesome!
Elizabeth Mesa

I want to thank you guys for cleaning up the streets and making the community look better. It was nice of you to come and participate and help us learn when you could have been home **watching television**. I also want to thank you for being good role models...**Rudy Frias**

Thank you for coming to our school and showing us those machines. Do they go fast? I want to be a semi driver when I grow up.... Sincerely, Cody K.

Thank you for coming to our school. I bet the steel roller can roll over anything. I bet being a dump truck person can make you nauseous. How many streets have you done? It's a dirty job but someone has to do it!

Sincerely,

Alex Truman

Thank you for bringing the dump truck and steam roller. It must have been tough to be able to make it here (because you are so busy). Is it bumpy when you ride the steam roller or is it gooshy and sinks?
Sincerely, **Justine Jacobs**

Thank you for coming to Ferron. Your boss must be **really nice!** Thank you for cleaning the streets. Your vehicles are **really cool.** Thank you thank you..
Kristen Harris

Thank you and hope to see you next year! Your friends from Ferron Elementary School...
